In the car, at medical appointments, or in the store:

Learning On The Go

MATH

Find a number on a poster or sign
Draw that number of boxes or animals, etc.

PARENTS: Ask your child to find other numbers and draw things to match.
Be sure to check by asking your child to count the drawn objects.

In the car, at medical appointments, or in the store:

Learning On The Go

Literacy

Find something that starts with **S** and draw it below.

PARENTS: Make up a silly rhyme to the word. Repeat with other letters.

In the car, at medical appointments, or in the store:

Learning On The Go

Science

Find something that feels soft and another that feels hard.
Draw them below.

PARENTS: Ask child what is different and what is the same.
Ask why. Have child find other textured objects and talk about them.

In the car, at medical appointments, or in the store:

Learning On The Go

Science

Have child notice trees, birds, animals or other natural objects
Draw them below.

PARENTS: For plants: Ask child how they look now and how they might change
For birds/animals: Ask what they eat; how they behave; how they are like humans
or not like humans
