Great day of Golf while supporting United Way

Welcome to the Ashland Golf Club

Since it opened in 1923, the Ashland Golf Club has been Ashland, Ohio's premier destination for a round of golf. The Ashland Golf Club features a layout from Hall of Fame Architect, Willie Park Jr. We pride ourselves in offering a classic golf experience with plenty of modern touches. In fact, here at the Ashland Golf Club, we have re-built our clubhouse with a small bar and grill restaurant for both golf and public use. We hope and enjoy the experience here as much as we enjoy offering it.

The true star of the show at the Ashland Golf Club, however, has and always will be the golf course. Ours is traditional-style 18-hole championship course with rolling terrain, tree-lined bent grass fairways, fabulous greens and breathtaking scenery. We have multiple tee lengths to ensure that golfers of all ages and skill levels will feel both challenged and competitive at Ashland.

United Way of Ashland County

The Ashland Golf Club has selected United Way of Ashland County as the non-profit organization as the beneficiary for the 3rd Annual Charity Event. The net proceeds from the event will benefit the 2018 Annual Campaign.

Ashland County Residents and volunteers have supported United Way since 1957. United Way funds 12 partner agencies who provide critical services to residents of Ashland County. These services help to make Ashland a thriving community, and your donation supports the efforts of United Way and its Partner Agencies.
